

A1. Nudge:

SL: You don't want to sleep on this

PV: N/A

Hey {first_name},

Thanks for showing up to the free live masterclass earlier.

If you've already submitted your application form, then feel free to ignore this.

If you haven't yet, then this is your nudge to do it.

The excitement will be gone by the weekend, because the value you've just gotten has a shelf life to it.

You can get started with that right here: [LINK]

My team can't wait to check it out.

A2. Case Study:

SL: Zero to hero

PV: N/A

Hey {first_name},

Let me tell you about my student named Sam.

He came to me when the first month of his journey fell flat.

We managed to get a channel monetized only a month later.

He earned roughly \$3,000 the following month.

The only thing standing between him and yourself is making a change.

SL: Shorts Maxxing in a nutshell

PV: N/A

Hey {first_name},

You showed up to the free live masterclass.

This means that you've gotten access to an offer that I'm not making in the same way anywhere else.

I'm talking about *Shorts Maxxing* of course:

- One-on-one coaching calls for bespoke insights, guidance, and direction.
- One-on-one access for communication at your fingertips.
- Group coaching calls for regular sessions with myself and guests.
- Course content that's comprehensive, detailed, and up-to-date.
- A community of others embarking on the same journey.

There are also a ton of other bonuses that I'm not even mentioning right now like *The Niche Launchpad*.

The only setback will be remaining stuck where you are forever.

N1. Nudge:

SL: Here's the replay

Hey {first_name},

It looks like you couldn't make it to the [free live masterclass](#).

I'll get you right with the replay though: [LINK]

This won't be up forever so give it a watch while you still can.

Let us know what you think.

N2. Recap:

SL: I'm giving you one last chance

PV: N/A

Hey {first_name},

Let me summarize the free live masterclass real quick...

My way of hitting \$10,000 per month with faceless YouTube in less than 90 days using Shorts can be boiled down to two things.

Longs force you to prove yourself for a chance from the algorithm.

It requires fighting over viewership with everybody else, waiting ages to learn from your mistakes, and an obscene amount of workload each time.

This means that you're fighting for scraps, you're rarely extracting any lessons, and you're prone to burnout at some point.

Shorts give you a fair shot no matter what.

It comes down to taking advantage of what gets overlooked, having an instant feedback loop, and putting together clips as you please.

The result is that you're no longer in a race to the bottom, you're fast-tracking the learning curve, and you're actually making use of leverage.

I'll only be keeping the replay up for a little longer.

SL: It's your move next

PV: N/A

Hey {first_name},

Let me remind you why you registered for the free live masterclass in the first place.

You wanted to learn my way of hitting \$10,000 per month with faceless YouTube in less than 90 days using Shorts.

This is without skills and experience, an existing foundation, or any upfront risk.

The replay isn't going to watch itself.

I'm about to take it down: [LINK]

Let us know what you think.
