3. Unique Mechanism:

SL: How does this even work?

PV: N/A

Hey {first_name},

I want everybody to understand my way of \$10,000 per month with faceless YouTube in less than 90 days using Shorts.

Longs force you to prove yourself for a chance from the algorithm.

It requires fighting over viewership with everybody else, waiting ages to learn from your mistakes, and an obscene amount of workload each time.

This means that you're fighting for scraps, you're rarely extracting any lessons, and you're prone to burnout at some point.

Shorts give you a fair shot no matter what.

It comes down to taking advantage of what gets overlooked, having an instant feedback loop, and putting together clips as you please.

The result is that you're no longer in a race to the bottom, you're fast-tracking the learning curve, and you're actually making use of leverage.

I'll be teaching everything around this inside of the [free live masterclass](#).

See you there.

4. Narrative:

SL: Made it out the mud

PV: N/A

Hey {first_name},

Let me provide some context real quick.

I was broke, depressed, and slaving away to put myself through college.

I spent a year grinding away because I realized that the only way out was through.

I finally made it work and put that life behind me.

I'm now running multiple channels of my own, building a software for all of it, and putting others onto the method.

See you there.

5. Future Pacing:

SL: This makes all the difference

PV: N/A

Hey {first_name},

I want you to imagine something for a second.

You're working at your desk, from the comfort of your own home, day in and day out.

You spend some time setting up a new channel, producing some Shorts, and expanding things.

You take the rest of the day for yourself while earning on autopilot.

This is the life that Shorts have handed over to me.

See you there.

6. Sneak Peek:

SL: I'll let you in on a little secret

PV: N/A

Hey {first_name},

Everybody's been asking what I'm going to cover on the free live masterclass.

Here's a sneak peek into the three pillars...

The first is how to set up your channel correctly inside of a booming niche.

It's all about laying the groundwork properly.

The second is how to get monetized by going viral on repeat.

This is where the cash flow actually occurs.

The third is how to stack up channels and capitalize on all of them.

These are the moves that take you to the next level.

The cherry on top will be a Q&A for the ones that stay until the end.

I hope you know that the ninety minutes that it consumes are going to be so worth it.

See you there.

7. Objection Handling:

SL: Your prayers have been answered

PV: N/A

Hey {first_name},

I'm getting a lot of questions about the free live masterclass.

Let me speak into some of the big ones...

You might think that I won't teach everything inside of it.

The thing is that I've refined it to what's actually going to move the needle.

You might think that this is all available on my YouTube channel anyway.

The whole point of it is to hand you the full picture rather than scattered pieces of it.

You might think that this will turn into one grand pitch.

The reality is that I'm teaching it all whether you work with me or not.

You might think that you can simply catch the recording.

The truth is that being there in person helps extract as much value as possible.

I can guarantee that you'll walk away with more than you had to begin with either way.

See you there.

8. Addressing:

SL: Why am I making this free of charge?

PV: N/A

Hey {first_name},

I'm just going to be straightforward because I get asked this all the time.

It's a common misconception that I have to choose between doing it myself and helping others, even though I can do both at once.

I'm a player and a coach at the end of the day.

This also gives me the chance to learn from everybody who gets results.

See you there.

9. Reminder / Recap:

SL: It's game time

PV: N/A

Hey {first_name},

The day has finally arrived.

I'm going live at *7:00 PM EST*.

Here's what I'll be covering tonight...

- How to set up your channel correctly inside of a booming niche.
- How to get monetized by going viral on repeat.
- How to stack up channels and capitalize on all of them.

I'll do a Q&A for everybody that stays until the end.

I've simplified everything so that you're ready to go within the span of ninety minutes.

See you there.

10. Reminder / Conviction Building:

SL: One hour left

PV: N/A

Hey {first_name},

Someone in your position is about to learn my way of hitting \$10,000 per month with faceless YouTube in less than 90 days using Shorts.

This is without skills and experience, an existing foundation, or any upfront risk.

The only difference between yourself and this person is that they showed up to the free live masterclass.

Most of the people that registered for it won't, because they've told themselves that they can another time, but they can't.

See you there.
